

# A2 - Trusted by Leading Institutions for Corporate Access, Activity Tracking, and Broker Votes

When it comes to the most trusted and reliable platform for corporate access solutions, institutional investors know to call Dealogic. The Dealogic platform delivers a network of more than 300 leading institutional investors worldwide.

From corporate access to activity tracking, broker votes, and content, A2 provides the best framework to manage commissions.

If you want to:

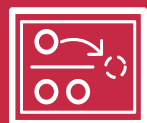

Maximize opportunities with an aggregated view of all corporate access data

Streamline corporate access by filtering events on specific interest lists

Easily analyze resource consumption with charting and analytics

Better optimize commissions by monitoring resource allocation

Effectively execute broker votes by monitoring all services provided

Increase transparency to meet compliance needs

**A2 is the answer.**

## Trusted Platform

Offering a fully integrated and seamless connection between buy-side and sell-side firms, Dealogic is the first platform to provide a synchronized view of all services delivered.

With the only capital markets network used by banks worldwide and distribution to the largest group of leading institutional investors, Dealogic connects the buy-side and sell-side like no one else can.
